Post-Doctoral Research Fellow or PhD-Student – Chair of Accounting (f/m/d)  
(part-time 50 %, E 13 TV-L)

The start date is **1st July 2021** or by agreement. The position is available initially for three years, but can be extended for another 3 years after successful evaluation based on research and teaching performance.

The University of Konstanz is one of eleven Universities of Excellence in Germany. Since 2007 it has been successful in the German Excellence Initiative and its follow-up programme, the Excellence Strategy.

Most of the research projects conducted at the **Chair of Accounting** use behavioural experiments and / or analytical models as a basis. Examples for research topics are the effects of audit market regulations on the quality of audited financial statements or the effects of the format used to present Accounting information on the information processing of external addressees. Thus, we encourage applications of candidates with a strong methods background and an interest in Accounting or Auditing research.

**Your responsibilities**

- In addition to research, the postdoc or PhD-student will contribute to the Chair’s teaching activities and administration. Teaching activities include teaching tutorials (2 hours per semester week), preparing, invigilating and grading exams together with teaching assistants.

**Your Competencies**

- Willingness and ability to participate in the development of the Accounting and Auditing course content is desirable.
- Administrative duties include the coordination of teaching assistants.
- Applicants for a post-doctoral position should have (or be close to obtaining) a PhD in Accounting or a related discipline with a background in Financial Reporting, Management Accounting, or Auditing.
- Applicants for a PhD-position should have (or be close to obtaining) a master’s degree in business economics or economics.
- A methodological focus on experimental economics or applied game theory is desirable.
- In some courses the teaching language is German.

**We Offer**

- A collegial and dynamic research environment with many opportunities for research collaborations and the development of an own research profile.
